McHenry County Workforce Network Board Releases its 2012 McHenry County Labor Report

WOODSTOCK, IL – This past week, the McHenry County Workforce Network Board released its **2012 McHenry County Labor Report**. This report is a snapshot of where McHenry County labor was as of the third quarter in 2012, and is not meant to answer all the questions, but is meant to be a document to further discussion between local Employers, the local Employer Service office (LWIB & MCWN), the local Economic Development office (MCEDC), and education/training providers.

The **2012 McHenry County Labor Report** has been compiled as an aid to local businesses that need current labor data and trends to help in making business decisions. The **2012 McHenry County Labor Report** can be found [here](#) and on the McHenry County Workforce Investment Board website: www.mchenrycountywib.org. For more information, please contact McHenry County Workforce Investment Board Director Jeffery Poynter at 815-338-2437 or jjpoynter@co.mchenry.il.us.
